Deputy Scott Wickenden

Assistant Minister with responsibility for eGov

- Appointed in July 2016
- Experience in technology
- Aim to provide the eGov programme stronger ministerial support

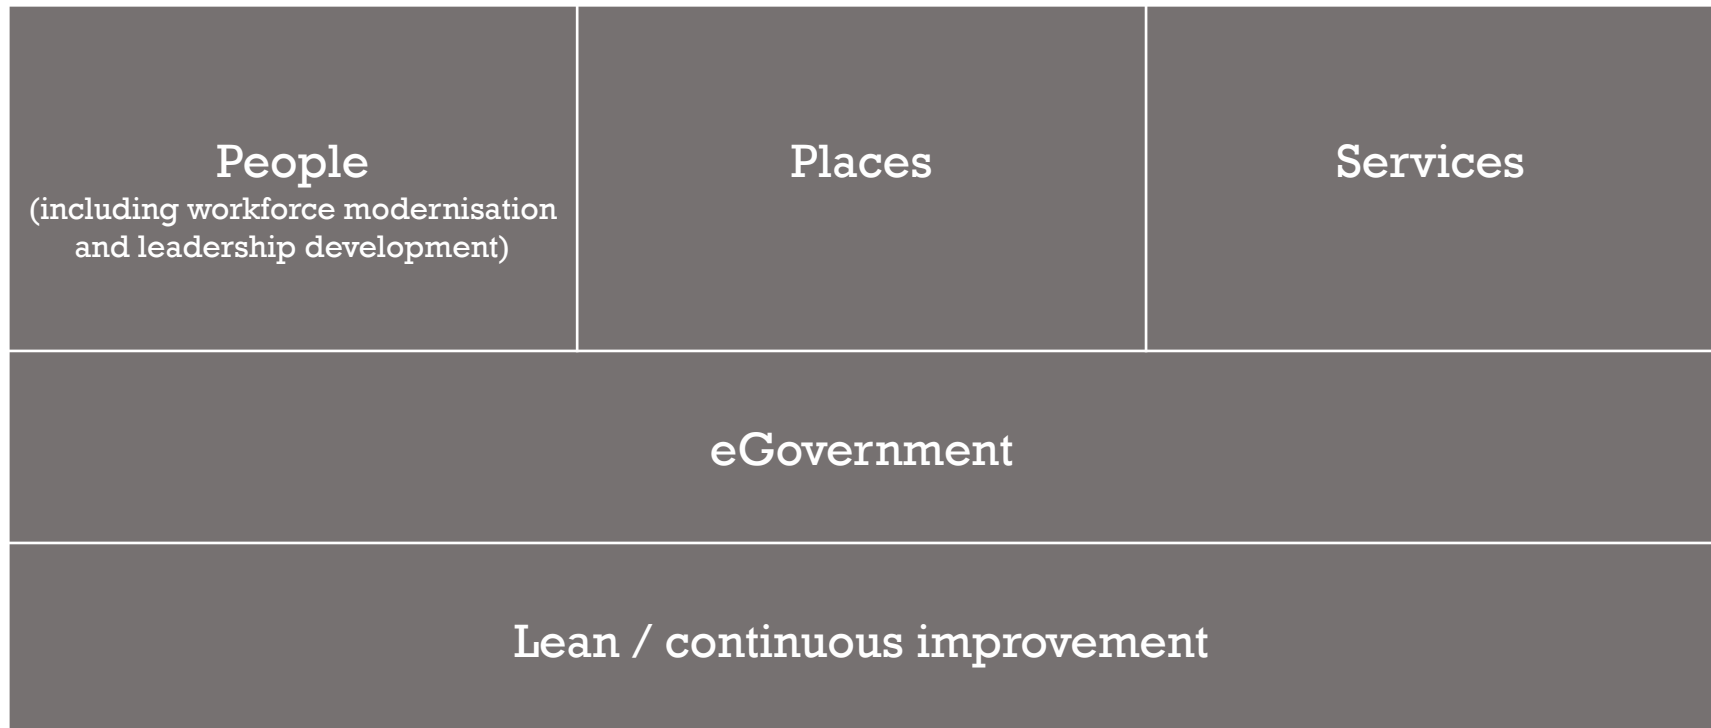

Why I was given the post of Assistant Minister with responsibility for eGov?

- Shows full commitment the CM has in delivering the eGov Programme
- To give leadership and support at the highest level
- To better help remove any blockages that may occur

Public Sector Reform

- What does it mean to you and me?
- Not having to go to multiple buildings to receive governmental services
- Controlling costs and better understanding of estimated future costs
- Joint up working
- States of Jersey employees will have the opportunity to create new and innovative services
